Mirrors the Assessment Format!

EUREKA MATH

Module 7

End of Unit

Practice Assessments

3. Draw and label a bar graph to show the number of pens in each teacher's desk.

Teacher's Name	Miss B.	Mr. F.	Mrs. E.	Miss G.
Number of Pens	4	2	4	4

4. Use the tables below to graph the data.

a. Draw and label a line plot to show the length of the pens in the table.

Length in inches	Number of pens
7	
6	
5	
4	
3	
2	
1	
0	

b. Dominic saw and 13 pencils the last two weeks.

5. Draw a picture.

a. The height of doorway is 76 inches. Find the length of the doorway.

b. The height of the doorway is 76 inches. Find the length of the doorway.

2. Circle the appropriate measurement.

a. The length of the scissor is about _____ inches.

b. The height of the pen is about _____ inches.

c. The length of the crayon is about _____ inches.

3. a. What number is the length of the scissor in inches? _____

b. Use a ruler to measure the length of the items above using inches and then centimeters. Round to the nearest unit, and then record the measurements in the table.

scissors	pen	crayon
_____ inches	_____ inches	_____ inches
_____ centimeters	_____ centimeters	_____ centimeters

Included in download:

- * 3 Practice Assessments
- * Answer Keys
- * Suggestions for Use

Created by Sandra's 2nd Grade Garden

Thank you for your purchase!

These practice tests will be sure to prepare your students for the Eureka Math Module 7 assessment.

You may use them as a Math Center , whole group review, or as homework.

I feel with practice, the students will be comfortable with the assessment format and be much more confident taking the test.

Enjoy!

Name _____

Date _____

* Be sure students finish estimation questions BEFORE you hand out rulers.

1. a. Estimate the items below in inches.

The scissors are about _____ inches

The pen is about _____ inches

The crayon is about _____ inches

b. Use a ruler to measure the length of the items above using inches and then centimeters. Round to the nearest unit, and then record the measurements in the table.

scissors	pen	crayon
_____ inches	_____ inches	_____ inches
_____ centimeters	_____ centimeters	_____ centimeters

c. The scissors are _____ centimeters longer than the crayon.

d. For each measurement, which is greater, the number of centimeters or the number of inches ?

e. Explain why.

2. Circle the appropriate tool for measuring each object.

a. The length of a note book: 12-inch ruler yardstick

b. The height of a lamp post: 12-inch ruler yardstick

c. The length of an eraser: 12-inch ruler yardstick

d. d. The height of a door: 12-inch ruler yardstick

3. a. What number is represented as Point A on the number line? _____

b. What is the distance between A and B? _____

c. What is 35 less than the number marked by Point C? _____

Mark it as Point D on the number line.

4. Use the tables below to graph the data.

a. Draw and label a line plot to show the length of the pens in the table.

Length in inches	Number of pens
1 inch	0
2 inches	1
3 inches	3
4 inches	3
5 inches	2
6 inches	1
7 inches	4

Title _____

b. Find the total number of pens measured. _____

c. Draw and label a bar graph to show the number of pen in each teacher's desk.

Teacher's Name	Miss B.	Mr. F.	Mrs. E.	Miss G.
Number of Pens	5	2	4	1

Title: Number of Pens in Teacher's Desks

5. Draw a picture and write a number sentence to solve

a. The height of the dog's doorway is 17 inches. The height of the family's doorway is 76 inches. How much taller is the family's doorway than the dog's doorway?

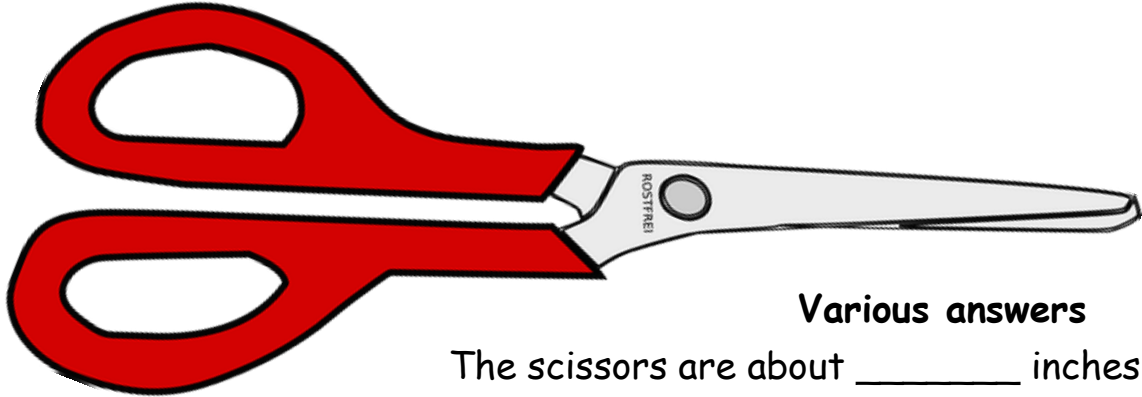

b. Dominic saved 52 cents last week. This week, he added a quarter, 1 dimes, and 13 pennies to his savings. How much money has Dominic saved from the last two weeks? Write the answer using the \$ or ¢ symbol.

Name _____

Date _____

* Be sure students finish estimation questions BEFORE you hand out rulers.

1. a. Estimate the items below in inches.

Various answers

The scissors are about _____ inches

Various answers

The pen is about _____ inches

Various answers

The crayon is about _____ inches

b. Use a ruler to measure the length of the items above using inches and then centimeters. Round to the nearest unit, and then record the measurements in the table.

scissors	pen	crayon
<u> 6 </u> inches	<u> 5 </u> inches	<u> 4 </u> inches
<u> 15 </u> centimeters	<u> 13 </u> centimeters	<u> 11 </u> centimeters

c. The scissors are 4 centimeters longer than the crayon.

d. For each measurement, which is greater, the number of centimeters or the number of inches?

centimeters

e. Explain why.

Because they are a smaller unit

2. Circle the appropriate tool for measuring each object.

a. The length of a note book:

12-inch ruler

yardstick

b. The height of a lamp post:

12-inch ruler

yardstick

c. The length of an eraser:

12-inch ruler

yardstick

d. The height of a door:

12-inch ruler

yardstick

3. a. What number is represented as Point A on the number line? 50

b. What is the distance between A and B? 15

c. What is 35 less than the number marked by Point C? 40

Mark it as Point D on the number line.

4. Use the tables below to graph the data.

a. Draw and label a line plot to show the length of the pens in the table.

Length in inches	Number of pens
1 inch	0
2 inches	1
3 inches	3
4 inches	3
5 inches	2
6 inches	1
7 inches	4

b. Find the total number of pens measured. 14

c. Draw and label a bar graph to show the number of pen in each teacher's desk.

Teacher's Name	Miss B.	Mr. F.	Mrs. E.	Miss G.
Number of Pens	5	2	4	1

Title: Number of Pens in Teacher's Desks

5. Draw a picture and write a number sentence to solve

a. The height of the dog's doorway is 17 inches. The height of the family's doorway is 76 inches. How much taller is the family's doorway than the dog's doorway?

59 in

b. Dominic saved 52 cents last week. This week, he added a quarter, 1 dimes, and 13 pennies to his savings. How much money has Dominic saved from the last two weeks? Write the answer using the \$ or ¢ symbol.

\$1.00

Name _____

Date _____

* Be sure students finish estimation questions BEFORE you hand out rulers.

1. a. Estimate the items below in inches.

The marker is about _____ inches

The paper clip is about _____ inches

The fork is about _____ inches

b. Use a ruler to measure the length of the items above using inches and then centimeters. Round to the nearest unit, and then record the measurements in the table.

marker	paper clip	fork
_____ inches	_____ inches	_____ inches
_____ centimeters	_____ centimeters	_____ centimeters

c. The fork is _____ centimeters longer than the paper clip.

d. For each measurement, which is greater, the number of centimeters or the number of inches ?

e. Explain why.

2. Circle the appropriate tool for measuring each object.

a. The length of a piece of paper: 12-inch ruler yardstick

b. The height of a slide: 12-inch ruler yardstick

c. The length of a hot dog: 12-inch ruler yardstick

d. d. The height of a person: 12-inch ruler yardstick

3. a. What number is represented as Point A on the number line? _____

b. What is the distance between A and B? _____

c. What is 35 less than the number marked by Point C? _____

Mark it as Point D on the number line.

4. Use the tables below to graph the data.

a. Draw and label a line plot to show the length of the carrots in the table.

Length in inches	Number of Carrots
1 inch	0
2 inches	2
3 inches	4
4 inches	3
5 inches	1
6 inches	1
7 inches	3

Title _____

b. Find the total number of carrots measured. _____

c. Draw and label a bar graph to show the number of children in each family.

Family Name	Smith	Jones	Johnson	Brown
Number of Children	1	5	4	2

Title: _____

5. Draw a picture and write a number sentence to solve

a. Mary's height is 34 inches. Her mother's height is doorway is 59 inches.
How much taller is Mary's mother than Mary?

b. Robert saved 62 cents last week. This week, he added a quarter, 2 dimes, and 9 pennies to his savings. How much money has Dominic saved from the last two weeks? Write the answer using the \$ or ¢ symbol.

* Be sure students finish estimation questions BEFORE you hand out rulers.

1. a. Estimate the items below in inches.

The spoon is about _____ inches

The pin is about _____ inches

The spoon is about _____ inches

b. Use a ruler to measure the length of the items above using inches and then centimeters. Round to the nearest unit, and then record the measurements in the table.

spoon	pin	brush
_____ inches	_____ inches	_____ inches
_____ centimeters	_____ centimeters	_____ centimeters

c. The brush is _____ centimeters longer than the pin.

d. For each measurement, which is greater, the number of centimeters or the number of inches ?

e. Explain why.

2. Circle the appropriate tool for measuring each object.

a. The length of a book: 12-inch ruler yardstick

b. The height of a bunk bed: 12-inch ruler yardstick

c. The length of an paper clip: 12-inch ruler yardstick

d. d. The height of a garage door: 12-inch ruler yardstick

3. a. What number is represented as Point A on the number line? _____

b. What is the distance between A and B? _____

c. What is 35 less than the number marked by Point C? _____

Mark it as Point D on the number line.

c. Draw and label a bar graph to show the number of books in each student's bag.

Student's Name	Brian	Jeff	Gail	Abby
Number of Books	4	6	3	5

Title: _____

5. Draw a picture and write a number sentence to solve

a. The height of the garage door is 73 inches. The height of the house door 66 inches. How much taller is the garage door than the house door?

b. Ivan saved 43 cents last week. This week, he added a quarter, 3 dimes, and 13 pennies to his savings. How much money has Dominic saved from the last two weeks? Write the answer using the \$ or ¢ symbol.

4. Use the tables below to graph the data.

a. Draw and label a line plot to show the length of the straws in the table.

Length in inches	Number of Straws
1 inch	0
2 inches	2
3 inches	1
4 inches	3
5 inches	3
6 inches	2
7 inches	3

Title _____

b. Find the total number of straws measured. _____
